

# LONG RANGE INFRA RED ILLUMINATOR

VOOK PROFESSIONAL MONITORING

## VR200T

### Features :

- IR effective range 150-200 m ( depend of camera sensitivity )
- Vandal and Water Proof
- Low power consumption up to 17W
- Stable Photo cell control
- IR LED sensitivity variable through VR
- Capable for night monitoring application.
- Aluminium body and high impact Poly Carbonate
- Cooling fan built in

Model	VR200T
IR range	150-200 m
High power IR LEDs	21 pcs
Power IR LEDs	21 pcs
IR wavelenght	850 nm
IR lifetime	Around 20000 hours
IR radiation angle	10-15 degrees
IR control	Auto Photo Cell Sensor
Ambient	-10°C ~ 50°C , 30~90 % RH
IR Sensivity	Variable Through VR (Slect a timing to turn on or off or Variable VR Depending On The Lens Iris Dark or Bright
Power Source	110 — 230V AC
Power consumption	17W
Dimensions	135 (W) X 158 (h) X 180 (D)
Weight	Approax. 1,9 kg
Front and rear cover housing	High Impact Polycarbonate
Housing and Sunshield	Aluminium Alloy
Weather proof	Yes
