(without extra power)

VGA01A

Features	VGA02	VGA01A
* Support DVR by VGA Output		•
* Support DVR by Monitor Out	•	
* Output Resolution Up to 1024×768@60Hz	•	•
* Easy Installation	•	•
* N / P Video System Auto Detection	•	

Specifications	VGA02	VGA01A
Connection	DVR Side: MONITOR OUT Monitor Side: D-Sub	DVR Side: D/V Monitor Side: D-Sub
Function	1. Output Resolution Up to 1024×768@60Hz 2. Analog non-interlaced RGB Output Supported 3. NTSC / PAL System Auto Detection	1. Output Resolution Up to 1024×768@60Hz 2. Analog non-interlaced RGB Output Supported
Power	External adaptor DC5V @ 500mA	Provided by DVR
Power Consumption	2W	
Dimension (mm)	87 (L) × 64 (W) × 24 (H)	

IR Remote Controller

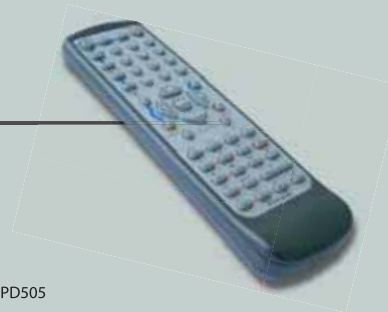

CPA602D

Features

- * Remotely control DVR and PTZ cameras
- * IR emission distance: straight line is 10m;
transmit at left and right 22.5° is 8m
- * Current consumption: AAA battery × 2

Compatible Devices

- * CPD508HD / CPD506HD / CPD507HC / CPD505HC / CPD507 / CPD505

910T4

Features

- * Remotely control DVR and PTZ cameras
- * IR emission distance: straight line is 10m;
transmit at left and right 22.5° is 8m
- * Current consumption: AAA battery × 2

Compatible Devices

- * CPD502A / CPD561
